10 THINGS TO KNOW ABOUT HOMEMISSION

1. We are an association of traveling evangelists that work with congregations all across the United States. As with Paul and Barnabus in Acts 11:19, we serve to encourage, equip, and evangelize.
2. With over 70 Churches of Christ closing their doors in the United States each year, we work to assist small and midsized congregations. We work with them, not for them. God has used us to help over 350 congregations in 44 states in some way.
3. We work with at-risk congregations over a period of three years and other congregations at their request. None of our evangelists are involved in the decision-making process of the church.
4. As part of HomeMission, the West Freeway School of Evangelism offers courses that increase knowledge of scripture and equip student with the confidence to share that knowledge with others.
5. We try to connect larger churches with smaller churches in order to be an encouragement to each other and to partner using resources.
6. We offer an "Elders' Net" quarterly newsletter written by elders for elders.
7. Each year HomeMission sponsors the "Revive Us Again" national evangelism and church growth workshop at Brown Street Church of Christ in Waxahachie, Texas in March. Our last workshop was attended by over 700 brethren from 19 different states.
8. HomeMission provides free materials to congregations from an assortment of topics designed to provide tools for church growth and evangelism. In 2021, HomeMission provided over \$100,000 worth of free materials to the churches we have worked with.
9. HomeMission is under the eldership of the West Freeway Church of Christ in Fort Worth, Texas. Over 40 Churches of Christ have helped in this effort and more are considering coming on board.
10. HomeMission evangelists do not charge for their time, not the materials they bring. If a church wants to help offset expenses, they can, but it is not a requirement.

APOLOGETICS SEMINAR WITH BRANYON MAY

March 25-27

Branyon May earned his Ph.D. in Astrophysics from the University of Alabama, where he held both research and teaching assistantships. He now combines his scientific and biblical passions serving as the General Manager of World Video Bible School (WVBS), a non-profit organization focused on the production of Bible-based, faith-building resources. He also serves as an Auxiliary Scientist for Apologetics Press, where he has written numerous articles supporting God's design in the Universe. Branyon and his wife, Alana (who also has degrees in Physics and Astrophysics), live and worship with their children at the Southwest church of Christ in Austin, Texas.
