December 12, 2022

To our fellow brothers and sisters in Christ:

For 40 years, the International Health Care Foundation has hosted a medical mission seminar to bring together teams from around the world to discuss ideas, opportunities, experience, and lessons learned on the field. We also use the seminar to connect and encourage students who may be interested in global, local, and vocational ministry opportunities.

This year, the seminar will be held January 13-14 at the church of Christ on McDermott Road, in Plano.

Our theme this year is: "Back to Our Roots: Rediscovering Christian Health Care". We want to encourage everyone to remember the story of the greatest medical missionary, and to rekindle our passion to join Him in his ongoing healing ministry.

Whether you are:

- * engaged in, supporting, or overseeing full-time mission work
- * involved in missions through your local church
- * interested in becoming connected to missions opportunities

the seminar will provide new perspectives, training, ideas, and great networking opportunities.

We would love to see you here!

International Health Care Foundation/African Christian Hospitals serves 7 facilities and projects in Nigeria, Ghana, and Tanzania through spiritual support, financial partnerships, and capacity building. Our broader mission includes identifying and equipping medical missionaries for global service. For more information about IHCF or the seminar's background, contact Kevin Linderman at kevin@ihcf.net. We look forward to seeing you in Dallas (Plano) Texas!

Medical Missions Seminar
